

April 1930

Friday 18

A fine clear day I plowed in the morning, and I went up to see the Police after dinner, a lot of lines around the country a report came in from the north that Bill Copland a trapper was found dead in his cabin by the Ft Nelson Police.

Saturday 19

Cold + stormy all day sowed a little seeds evening I plowed in forenoon, and hauled manure to garden in afternoon. Fred brought the mail. Very cold this evening.

Sunday 20

Very cold last night, but a fine clear day, the trees very low ice nearly all gone. I went up to see Branch. Willie was curing getting Coplands seeds, he will start seeding tomorrow.

Monday 21

A fine clear day, I finished plowing the field this evening and then I went up to see Willie he started seeding Johnys field today a dance to night at Thursons.
