

January 1931

Monday 12

Continues fine but a little cold
I drove up to the Barricks
after dinner. Very few people
around I heard that that a
number of men is cutting brush
on the new H. H. road

Tuesday 13

a very fine mild day in fact it
looks more like spring than winter
I went up to see Willie but he was
not at home I brought down some
sheaves for the cattle.

Wednesday 14

Clear and mild busy at odd jobs
I went for a load of sheaves in
the afternoon. Very cloudy this
evening started to snow about 8 PM
the first snow we have had for
some time the H. H. teams left today
for Fort Nelson

Thursday 15

it fell about 3 in. of snow last
night but this has been a fine
clear day and very mild. I went
for a load of sheaves after dinner
it is fairly good sleighing with
this little snow

Friday 16

is below this morning cold all day
I went up to Willie and put a mill
down on the back of the house
I brought down side mail
